

ASX Announcement

19 April 2017

CONCLUSION OF UNMARKETABLE PARCEL SHARE SALE

RNI NL (ASX:RNI) (to be renamed Auris Minerals Limited) is pleased to advise that the sale of RNI shares under the Company's unmarketable parcel share sale announced on 21 February 2017 (Share Sale) has been completed, at a sale price of \$0.07 per share.

A total of 1,350 shareholders collectively holding 1,509,225 fully paid RNI shares participated in the Share Sale.

Shareholders who participated in the Share Sale will receive the proceeds from the sale (\$0.07 per share sold) shortly by way of cheque.

Immediately prior to the conclusion of the Share Sale, the Company had 2,921 shareholders. Following the settlement of the sale of RNI shares under the Share Sale, the Company now has 1,571 shareholders. As a result of the successful conclusion of the Share Sale, the Company's shareholder base has been significantly reduced.

The substantial reduction in the number of shareholders in the Company will reduce the Company's administrative costs associated with maintaining a large share register, including printing and mailing costs and share registry expenses.

For and on behalf of the Board.

DEBBIE FULLARTON
EXECUTIVE DIRECTOR
